

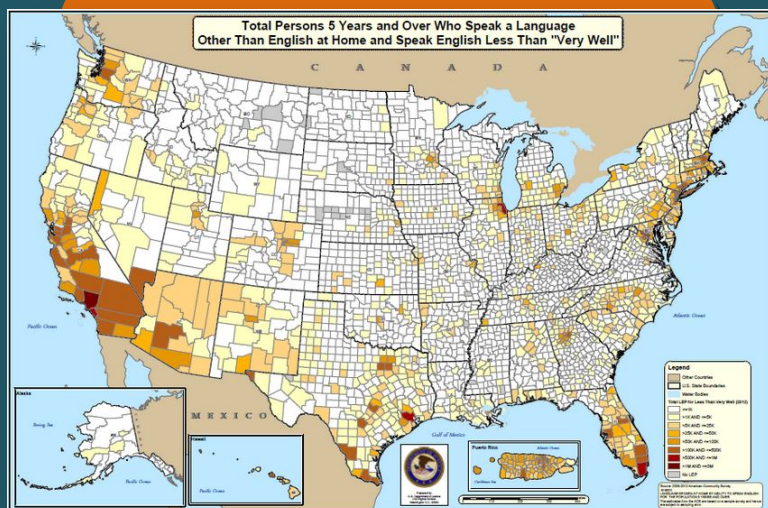

# MAPPING LIMITED ENGLISH PROFICIENT COMMUNITIES

## WHO ARE WE?

The Federal Coordination and Compliance Section of the Civil Rights Division within the U.S. Department of Justice leads government-wide efforts to improve language access to federal and federally-assisted programs, as required by Title VI of the Civil Rights Act of 1964 and Executive Order 13166, *Improving Access to Services for Persons with Limited English Proficiency*.

## WHAT LANGUAGES DO LIMITED ENGLISH PROFICIENT INDIVIDUALS SPEAK IN YOUR COMMUNITY?

## HOW CAN WE HELP?

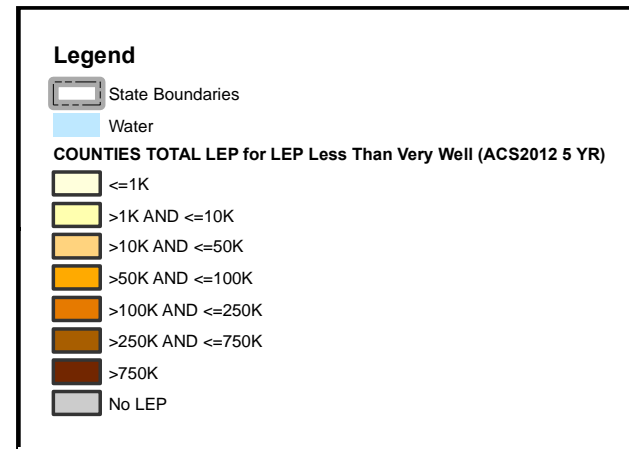

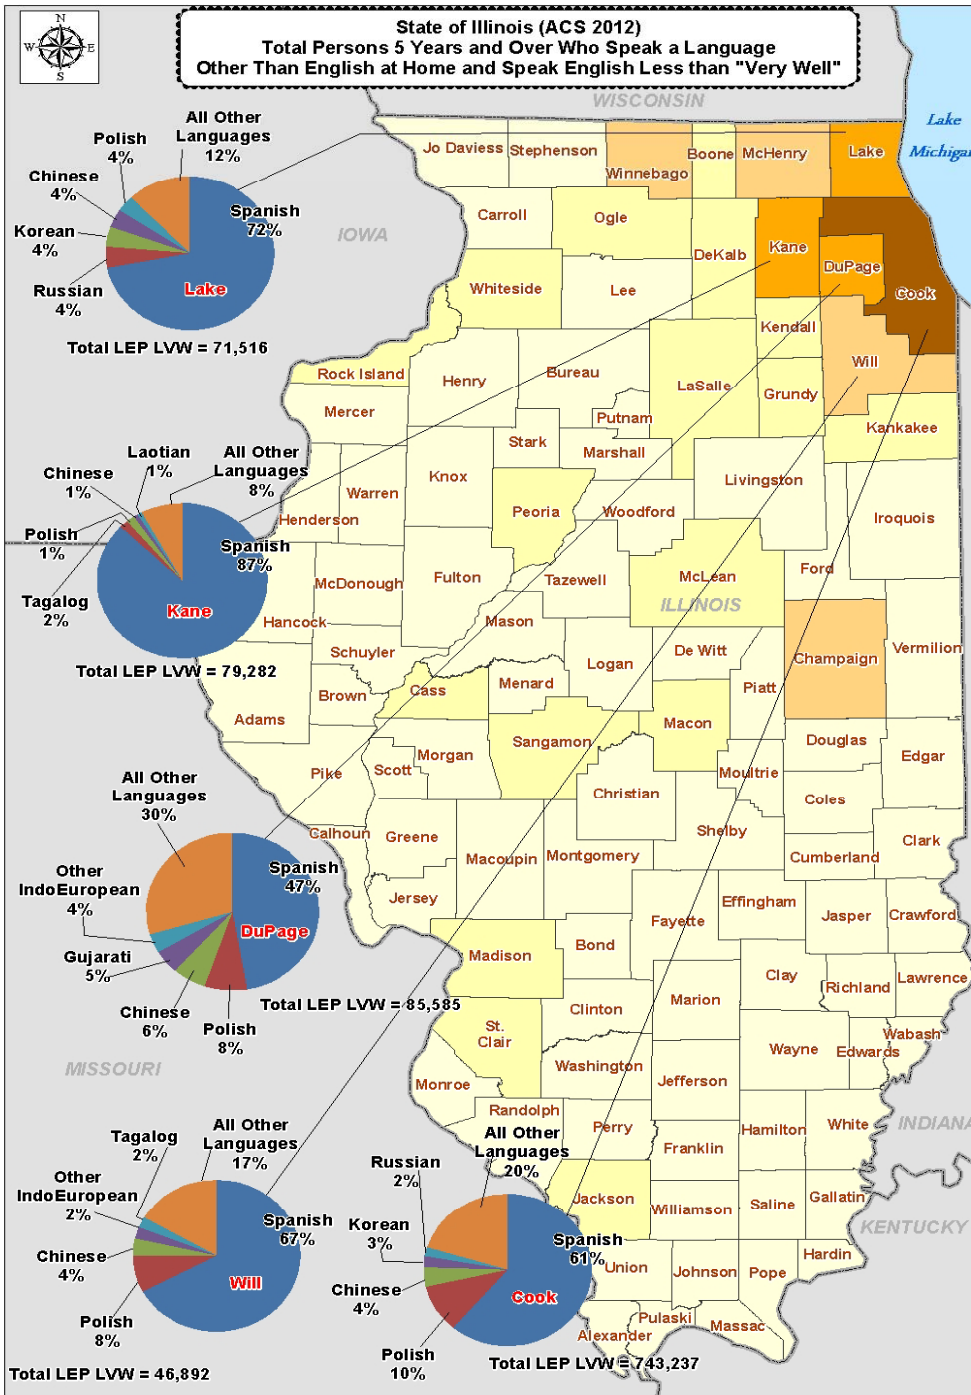

The Department of Justice administers a wide range of financial assistance to state, local, territorial, and tribal criminal justice systems, including law enforcement agencies, court systems, and departments of corrections. The

Civil Rights Division conducts complaint investigations and compliance reviews to ensure that these funds are not used in a way that constitutes discrimination on the basis of race or national origin, including by failing to provide meaningful access to LEP individuals.
