**BEYOND LEGAL AID JOB OPENING:
*SUPERVISING ATTORNEY***

Beyond Legal Aid (“Beyond”) uses its model, "community activism lawyering," to unite lawyers and activists to collaboratively help underserved communities access justice and pursue social change. Through these partnerships, Beyond supports underserved communities create their own community-located, community-operated, and community-directed “activism-law programs”. Beyond’s network of programs provide free legal services to underserved community members and help our activist partners achieve broader social change. Through our work, Beyond also seeks to transform how the legal aid system operates.

Beyond is looking for an experienced litigation attorney with federal court and impact litigation experience. Preference will be given to those with criminal defense and employment law expertise. Preference may also be given to those who are fluent in Spanish, are from Beyond’s partner communities, or have experience working with community organizers. Candidates need to have a genuine interest in community lawyering. The supervising attorney will have three primary responsibilities: 1) developing and overseeing Beyond’s complex litigation caseload, 2) expanding Beyond’s innovative participatory defense and community-driven litigation strategies across all practice areas, and 3) supervising and mentoring staff attorneys.

The candidate must have a minimum of 5 years of litigation experience. Candidates should also have experience in training attorneys and possess strong organizational skills. They must be prepared to work non-traditional hours—some evenings and the occasional weekend day—and in non-traditional, multiple locations; in exchange, they are afforded great flexibility in work schedule. The salary for the supervising attorney will be based upon experience. Benefits include medical and dental insurance, travel reimbursement, generous paid time off, and coverage of professional fees.

Beyond is an equal opportunity workplace and is committed to working closely and effectively with the communities that we serve. Individuals self-identifying as people of color, LGBTQI, immigrant, socio-economically diverse, persons with a disability, or as otherwise having backgrounds and experiences underrepresented in the legal profession are highly encouraged to apply.

To apply, send a cover letter, resume, recent writing sample, and references to hire@beyondlegalaid.org. Applications will be accepted until the position is filled.
