INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Public Interest Law Initiative
Chicago, IL

We have audited the accompanying financial statements of Public Interest Law Initiative (a nonprofit organization), which comprise the statements of financial position as of August 31, 2019 and 2018, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

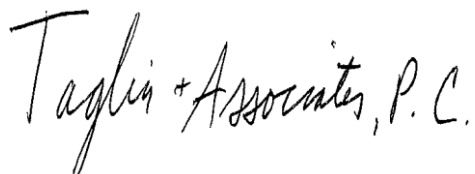

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Public Interest Law Initiative as of August 31, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

PUBLIC INTEREST LAW INITIATIVE

NOTES TO FINANCIAL STATEMENT

NOTE A – NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

Since its founding in 1977, the Public Interest Law Initiative (PILI) has engaged, inspired and empowered those advancing equal access to justice. PILI envisions making equal access to justice a reality through a legal community with a deeply rooted culture of service, where pro bono and public interest law engagement is optimized to best serve people, families and communities in need. PILI's Law Student Internship and Graduate Fellowship Programs place law students and recent law school graduates at public interest law organizations, with PILI providing supplemental educational, networking and mentoring opportunities. Its Alumni Network builds and maintains the connection between past PILI Interns and Fellows and the public interest law community through educational, networking, leadership, and service opportunities. PILI's Pro Bono Program works to increase the availability of pro bono legal help for those who cannot afford an attorney in Illinois by developing innovative pro bono opportunities, offering pro bono programming and resources, cultivating best practices, and celebrating the life-changing pro bono performed throughout the state.

PILI's support comes primarily from foundations and corporate contributions, law firms, and individuals, as well as fundraising activities.

New Accounting Pronouncements

In August 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for Profit Entities*. The ASU amends the current reporting model for nonprofit organizations and enhances their required disclosures. The major changes includes: (a) requiring the presentation of only two classes of net assets now entitled "net assets without donor restrictions" and "net assets with donor restrictions", (b) modifying the presentation of underwater endowment funds and related disclosures, (c) requiring the use of the placed in service approach to recognize the expirations of restrictions on gifts used to acquire or construct long-lived assets absent explicit donor stipulations otherwise, (d) requiring that all nonprofits present an analysis of expenses by function and nature in either the statement of activities, a separate statement, or in the notes and disclose a summary of the allocation methods used to allocate costs, requiring the disclosure of quantitative and qualitative information regarding the liquidity and availability of resources, (f) presenting investment return net of external and direct internal investment expenses, and (g) modifying other financial statement reporting requirements and disclosures intended to increase the usefulness of nonprofit financial statements.

PUBLIC INTEREST LAW INITIATIVE

NOTES TO FINANCIAL STATEMENTS

NOTE A – NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (continued)

The Organization has adjusted the presentation of its financial statements accordingly, applying the changes retrospectively to the comparative period presented. The Organization opted to not disclose liquidity and availability information for 2018 as permitted under the ASU in the year of adoption. The investment expenses are netted against investment return in the statement of activities. The Organization changed its presentation of its net asset classes and expanded the note disclosures as required by the ASU.

The changes have the following effect on net assets at June 30, 2018:

Net Assets Classifications	ASU 2016-14 Classifications		
	Without donor restrictions	With donor restrictions	Total Net Assets
As previously presented			
Unrestricted	\$ 324,300	\$ -	\$ 324,300
Temporarily Restricted	-	45,625	45,625
Permanently Restricted	-	1,215,962	1,215,962
Net Assets Previously Presented	324,300	1,261,587	1,585,887
Net assets, as reclassified	\$ 324,300	\$ 1,261,587	\$ 1,585,887

Financial Statement Presentation

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions are available for use in general operations and not subject to donor (or certain grantor) restrictions. From time to time the Board designates a portion of these net assets for specific purposes which makes them unavailable for use at management's discretion.

Net Assets With Donor Restrictions consist of assets whose use is limited by donor-imposed, time and/or purpose restrictions. Some net assets with donor restrictions include a stipulation that assets provided be maintained permanently (perpetual in nature) while permitting the Organization to expend the income generated by the assets in accordance with the provisions of additional donor-imposed stipulations or Board approved spending policy.

PUBLIC INTEREST LAW INITIATIVE

NOTES TO FINANCIAL STATEMENT

NOTE A – NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The Organization reports gifts of cash and other assets as revenue with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. The Organization reports contributions restricted by donors as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends, or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

The Organization reports gifts of long-lived assets as without donor restriction support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash and other assets that must be used to acquire long-lived assets are reported as with donor restriction support. Absent explicit donor stipulations about how those long-lived assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service.

Revenue and Revenue Recognition

Revenue is recognized when earned. Contributions are recognized when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give are not recognized until the conditions on which they depend have been substantially met.

Donated Assets

Donated marketable securities are recorded as contributions at their estimated fair value at the date of donation and adjusted to market value at the end of the year. There were no donated securities during the year ended August 31, 2019 and 2018.

Donated Services

The programs of PILI utilize volunteered services, which are provided directly to beneficiaries of PILI. No amounts have been reflected in the financial statements for donated volunteers' time because the criteria under generally accepted accounting principles have not been satisfied. However, a substantial number of volunteers have donated significant amounts of time towards activities of PILI.

Cash

Cash includes petty cash and amounts deposited in the checking account. In certain situations, cash held as short and long-term investments is classified as such.

PUBLIC INTEREST LAW INITIATIVE

NOTES TO FINANCIAL STATEMENT

NOTE A – NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions and Other Receivables

Total contributions and other receivables were \$14,342 and \$20,304 at August 31, 2019 and 2018. They are composed primarily of contributions and grants and are deemed to be fully collectable by management based on historical experience.

Equipment

Equipment is reported at original cost. All equipment purchases in excess of \$500 for the years ended August 31, 2019 and 2018, were capitalized, while lesser amounts were charged to expense.

Depreciation is calculated on the straight-line method over the estimated useful lives of the assets (5 years).

Depreciation expense was \$575 for the year ended August 31, 2019, and \$1,499 for the year ended August 31, 2018.

Functional Allocation of Expenses

The costs of providing various programs and other activities have been detailed in the statements of functional expenses. The costs have been summarized in the statements of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefits.

Comparative Financial Information

The financial statements include certain prior-year summarized comparative information in total, but not by detail and net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with U.S. generally accepted accounting principles. Accordingly, such information should be read in conjunction with PILI's financial statements for the year ended August 31, 2018 from which the summarized information was derived.

Income Taxes

PILI is a not-for-profit entity as described in Section 501(c)(3) of the Internal Revenue Service Code ("IRC") and is exempt from federal and state income taxes for related income. It qualifies for a charitable contribution deduction in regard to its donors, and is subject to income taxes only to the extent of unrelated business income.

Use of Estimates

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

PUBLIC INTEREST LAW INITIATIVE

NOTES TO FINANCIAL STATEMENT

NOTE B – LONG-TERM INVESTMENTS

Long-Term Investments in marketable securities with readily determinable fair values are reported at their fair values in the statements of financial position. Unrealized and realized gains and losses are included in the change in net assets. Investment income is reported as increases in permanently restricted net assets in the reporting period in which the income is recognized. Unrealized and realized gains and losses are reported as increases and decreases in permanently restricted net assets.

Investments consisted of the following:

	August 31, 2019			August 31, 2018		
	Cost	Market Value	Accumulated Unrealized Gains/(Losses)	Cost	Market Value	Accumulated Unrealized Gains/(Losses)

Liquidity and Availability

The Organization monitors its liquidity to be able to meet its operating needs and other contractual commitments while maximizing the investment of its excess operating cash. Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the balance sheet date, comprise as following:

Financial assets:	
Cash and cash equivalents	\$ 305,918
Total financial assets available within one year	<u>305,918</u>
Liquidity resources	<u>-</u>
Total financial assets and liquidity resources	
Available within one year	<u>\$ 305,918</u>

NOTE C – FAIR VALUE OF FINANCIAL INSTRUMENTS

Effective January 1, 2008, PILI adopted FASB ASC 820, *Fair Value Measurements and Disclosures*. FASB ASC 820, which establishes a single definition of fair value and framework for measuring fair value, sets out a fair value hierarchy to be used to classify the source of information used in fair value measurements, and expands disclosures about fair value measurements required under other accounting pronouncements. It does not change existing guidance as to whether or not an instrument is carried at fair value.

PUBLIC INTEREST LAW INITIATIVE

NOTES TO FINANCIAL STATEMENT

NOTE C – FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

Fair value is the price that would be received upon sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The following fair value hierarchy is used in selecting inputs, with the highest priority given to Level 1, as these are the most transparent or reliable.

The valuation techniques required by FASB ASC 820 are based upon observable and unobservable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Organization's market assumptions. These two types of inputs create the following fair value hierarchy.

- Level 1 Quoted prices for identical instruments in an active market.
- Level 2 Quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-derived valuations in which all significant inputs are observable in active markets.
- Level 3 Valuations derived from valuation techniques in which one or more significant inputs are not observable, or supported by little or no market activity.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 31, 2019 and 2018.

Mutual Funds: Valued at the closing price reported on the active market on which the individual funds are traded.

Money Market: Valued at cost plus interest earned, which approximates fair value.

The preceding approach described might produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although PILI believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D – NET ASSETS

With Donor Restrictions

Net assets with donor restrictions are restricted for the following purpose or periods:

	August 31,	
	2019	2018
Fiscal Year 2019 Operations	\$ -	\$ 45,625
Fiscal Year 2020 Operations	11,000	-
Endowment	1,154,250	1,215,962
	<u>\$ 1,165,250</u>	<u>\$ 1,261,587</u>

Endowment

The Endowment Funds were restricted to investment in perpetuity, the income from which is expendable to support Internships.

NOTE E – PERMANENTLY RESTRICTED NET ASSETS AND FSP FASB ASC 958

PILI received two initial endowments, from Alfred C. Tisdahl, Jr. to establish the Alfred C. Tisdahl, Jr. Internship in Public Interest Law Endowment Fund and from the estate of Florence E. Miller. The stipulations of the Alfred C. Tisdahl, Jr. Internship in Public Interest Law Endowment Fund and gift received from the estate of Florence E. Miller dictate the income therefrom to be used to fund Internships for law students attending law school in the United States of America. The will of Florence E. Miller recognizes that the principal of the funds may be invested from time to time in a manner that generates little or no income as defined in the Illinois Principal and Income Act. Accordingly, in the event that annual income is less than five percent of the value of the principal fund, then principal may be used to the extent necessary to make up the shortfall in income so that five percent of the fund is available each year for Internships.

NOTE E – PERMANENTLY RESTRICTED NET ASSETS AND FSP FASB ASC 958 (continued)

In August 2008, the Financial Accounting Standards Board issued Staff Position FSP FASB ASC 958, *Endowments of Not-for Profit Organizations: Net Asset Classification of Funds Subject to an Enacted Version of the Uniform Prudent Management of Institutional Funds Act, and Enhanced Disclosures for All Endowment Funds* ("FSP FASB ASC 958"). This standard provides guidance on classification of donor-restricted endowment funds for a not-for-profit organization that is subject to an enacted version of the *Uniform Prudent Management of Institutional Funds Act* of 2006 ("UPMIFA") and provides other disclosures about an organization's endowment funds.

The Organization classifies as permanently restricted net assets (a) the original value of the funds donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations of the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the funds. The remaining portion of the donor-restricted endowment fund not classified in permanently restricted net assets would be classified as temporarily restricted net assets until those amounts were approved for expenditure by the organization in a manner consistent with the standard of prudence prescribed by UPMIFA.

In accordance with UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- 1) The duration and preservation of the Endowment,
- 2) The purposes of the Organization and the donor-restricted Endowment,
- 3) General economic conditions,
- 4) The possible effect of inflation and deflation,
- 5) The expected total return from income and appreciation of investments,
- 6) Other resources of the Organization,
- 7) The investment policies of the Organization.

As provided by UPMIFA, its guidelines for expenditure of a donor-restricted endowment funds apply in the absence of overriding, explicit donor stipulations. Specific provisions of donor gift instruments will take precedence over the general default provisions of UPMIFA, and these have been specified in the first paragraph of this note.

Description of the Organization's Endowment Spending Policy

The Board of PILI's endowment spending policy provides that the changes in realized and unrealized value of investments are restricted, and interest and dividend income is to be available to be spent as unrestricted funds per the terms of the donor instrument gifts referenced above.

Description of the Organization's Investment Policies

The Endowment is invested in cash and the investments described in Notes B and C, with the objective of maintaining and improving the real purchasing power of the permanent endowment above and beyond the income necessary to fund the Internships prescribed by the initial endowment. It relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). Actual returns may vary.

NOTE K – UNCERTAIN TAX POSITIONS

As of August 31, 2019, PILI did not have any uncertain tax positions that it is obligated to disclose in accordance with FASB ASC 740, *Income Taxes*. Additionally, there were no returns open to review or under review by taxing authorities in excess of annual statutory periods. PILI follows a conservative approach of research and open disclosure in regard to its tax-exempt status and positions held.

NOTE L – SUBSEQUENT EVENTS

The management of PILI has evaluated events subsequent to the statement of financial position date of August 31, 2019, through November 6, 2019, the date the financial statements were available to be issued. It has concluded that there are no effects that provide additional evidence about conditions that existed at the statement of financial position date that require recognition in the August 31, 2019 or August 31, 2018 financial statements or related note disclosures in accordance with FASB ASC No. 855, *Subsequent Events*.
